*Anyone who has played the Weiskopf Course will never forget the 12th split fairway. As you stand on the tee box, you must choose between an open shot down the left fairway that brings Lake Conroe into play on the 2nd shot, or the narrow fairway on the right, leaving a more open shot to the green.*

*It's no wonder that this course is a favorite of the designer, Tom Weiskopf. In addition to the legendary 12th hole, the 14th hole par three offers a picturesque setting, perched on the water's edge from tee to green.*
